Introduction

N.C.G.S. 7A-350 requires the North Carolina Administrative Office of the Courts (NCAOC) to report on criminal cost waivers. Specifically, G.S. 7A-350 provides as follows:

§ 7A-350. Annual report on criminal court cost waivers.

The Administrative Office of the Courts shall maintain records of all cases in which a judge makes a finding of just cause to grant a waiver of criminal court costs under G.S. 7A-304(a) and shall report on those waivers to the chairs of the House of Representatives and Senate Appropriations Committees on Justice and Public Safety and the chairs of the Joint Legislative Oversight Committee on Justice and Public Safety by February 1 of each year. The report shall aggregate the waivers by the district in which the waiver or waivers were granted and by the name of each judge granting a waiver or waivers."

NCAOC respectfully submits this report pursuant to the legislative mandate.

Report Parameters

NCAOC completed statewide implementation of the case disposition component of the Criminal Case Information System, Clerk Component (CCIS-CC version 5.5) in December 2014. Because all counties used this new CCIS-CC component during calendar year 2015, this report includes reported money statuses from CCIS-CC during calendar year 2015. The attached Table 1 includes criminal court money statuses by county, while Table 2 includes criminal court money statuses by judge.

NCAOC is responsible for providing recordkeeping guidelines and training and support to the state's trial courts. During the initial statewide use of the new case disposition component, system users requested additional clarification and guidelines regarding appropriate selection of criminal court money statuses. NCAOC Court Services Division, after consultation with clerks and relevant NCAOC divisions, issued a memorandum identifying working definitions of the available codes and providing guidance as to when to use a specific code. That memorandum, issued on March 31, 2015, is included in the Appendix.

Since this report contains data for all of calendar year 2015, which includes three months of statewide use of CCIS-CC v5.5 before guidance on the criminal court monetary statuses was issued, this report includes all instances of criminal court statuses that could be entered when lowering or removing a cost or fine from the bill of cost generated by CCIS-CC. Those statuses include: waived/remitted, partially waived, not assessed, stricken/entered in error, and civil judgment. All of these money status codes are presented in Table 1 and Table 2 to provide all relevant available data since, especially before the March 31, 2015 guidance, what was entered as “waived/remitted” in some counties could have been entered as “stricken/entered in error” or “not assessed” in another county. The number of cases in which costs were “ordered” is included to provide a sense of volume of the dispositions in each county (Table 1) or by each judge (Table 2) in which costs, fees, or fines were ordered and no cost, fine, or fee line items were reduced or eliminated.

Criminal Court Monetary Statuses

Criminal court monetary statuses are either generated by CCIS-CC or entered by a clerk. When a defendant pleads guilty or is convicted, based on the convicted offense, CCIS-CC enters most applicable costs, fees, and fines as “ordered.” If any individual cost, fee, or fine line item is reduced or eliminated, a criminal court monetary status other than “ordered” must be entered. Based on the order of the presiding judge, the clerk enters changes to the presumptive amounts and enters an applicable money status. The March 31, 2015 NCAOC guidance defined criminal court money statuses as:

Ordered: This money status is used when the court orders a monetary obligation due. Ordered is the default money status. If the judge is silent on the issue, then, based on case type or status, Ordered should be used.

Waived/Remitted: This money status is used when the judge waives or remits an individual monetary obligation in its entirety. It is used at a subsequent modification

hearing if at the time of the hearing the original monetary obligation is unpaid in its entirety and the judge orders it remitted in its entirety.

Note: The Waived/Remitted money status should not be confused with waivers of appearance, which sometimes are referred to as “waived,” “waiver,” or “waivable offenses.” A waiver of appearance is a defendant’s election to plead guilty or admit responsibility in writing in lieu of appearing in court. It is available in limited circumstances as prescribed by the Conference of District Court Judges pursuant to G.S. 7A-148.

Partially Waived: This money status is used when a monetary obligation is reduced but not eliminated. A common example of Partially Waived is when a judge orders probation revoked, activates the suspended sentence, and waives what remains of each cost still owing. In this case, the partial waiver status is used for each line item where money still is owed.

Not Assessed: This money status is used when a fee that should not be assessed appears in the Bill of Costs. An example of the proper use of Not Assessed would be the determination by the presiding judge not to assess an additional \$250.00 for a subsequent assignment to community service because defendant was previously assigned to community during the same session of court. See G.S. 143B-708(c).

Stricken/Entered in Error: This money status is used when a monetary obligation was recorded in error. It should be used for monetary obligations that would not have accrued but for the error.

Civil Judgment: This money status is used when the judge orders the monetary obligations due through civil rather than criminal enforcement—i.e., the court has ordered that all money obligations due are due through civil enforcement mechanisms only. A civil judgment gives the state indirect means of collecting the obligation. (*Note:* If the court elects to simultaneously order monetary obligations due criminally and civilly, then the clerk should use the Ordered status rather than the Civil Judgment.)

In compiling data for Tables 1 and 2, NCAOC Research and Planning Division developed a hierarchy for money statuses in the following order: waived/remitted, partially waived, not assessed, stricken/entered in error, and civil judgment. For example, if a case has both a “waived/remitted” and a “partially waived” money status entered, that case would be counted as a case with a “waived/remitted” money status. It is important to note that because the money statuses are entered on each line item that is reduced or eliminated, a case would be counted as “waived/remitted” if one cost line item is completely eliminated, but all other cost line items remain “ordered.”

Table 2 contains data by judge on number of cases with criminal court money statuses that are entered with one or more money line items reduced or eliminated. The number of cases where costs were “ordered” is also included to provide a sense of volume of the dispositions of each judge in which costs, fees, or fines were ordered and no cost, fine, or fee line item was reduced or eliminated. The names listed in Table 2 reflect the names entered in the judge field of CCIS-CC, which captures the presiding judicial official at the event (judge, magistrate, or clerk). The

significant number of “missing/unknown” judges is likely due to the fact that dispositions entered in ACIS did not require entry of a judge, so any modifications to judgments entered in ACIS would not have required a judge name to be entered. Because dispositions have been entered statewide in CCIS-CC since January 2015, there should be fewer dispositions lacking entry of a judge in future years than there were during the period of this report.

The totals in Table 2 are higher than those in Table 1 because Table 1 reflects a count of cases with a money status by hierarchical order, while Table 2 indicates the number of events in which a judge entered an order with a money status indicator. For example, if at case disposition, the presiding judge (Judge A) waives one or more cost, fee, or fine line items while ordering some other cost, fines, or fees to be paid, that case would be counted as “waived/remitted” by Judge A since “waived/remitted” has the highest hierarchical order of the money statuses. Continuing the example, if the defendant then paid some of what was ordered, then Judge B subsequently waived or remitted the remaining balances due by the defendant, that case would also be counted as a “waived/remitted” or “partially waived” by Judge B.

Summary

This report includes information on criminal court money statuses by county and by judge for calendar year 2015. Because data included in this report was extracted from a new component of an application, a higher number of missing/unknown judges appear in this report than is anticipated in future years’ reports. In the meantime, NCAOC will continue to work with the trial courts to build consistency in training materials and user support for CCIS-CC and its components.

RE: CCIS-CC Money Statuses Working Definitions

This memo is meant to provide working definitions for the six money statuses available in CCIS-CC. A money status records the monetary portion of the court's order. It reflects what the court has ordered for each criminal court cost.

Criminal court costs, sometimes referred to as fees, are located in G.S. 7A-304, Costs in Criminal Actions, and elsewhere in the General Statutes. For purposes of this memo, the term "monetary obligation" includes any cost or fee that accrues upon conviction for a criminal offense. (For a detailed list of costs that may be assessed following conviction for a criminal offense, please see "Court Costs and Fees Chart" [here](#).)

At this time, monetary statuses are entered at the individual cost level rather than at the case level. For example, if the judge decides to "waive costs" in a case involving a violation of G.S. 20-127(d) (window tinting), the clerk will enter "Waived/ Remitted" at least ten times. G.S. 20-127(d) is a Chapter 20 offense. It also is a misdemeanor and improper equipment offense. A violation disposed of in district court will accrue the following monetary obligations: General Court of Justice, facilities, telephone, law enforcement officer retirement, law enforcement officer training, misdemeanor confinement program, DNA, service of process, Chapter 20 offense, and improper equipment. The clerk will enter "Waived/Remitted" for each individual monetary obligation.

CRIMINAL COURT MONEY STATUSES

Ordered: This money status is used when the court orders a monetary obligation due. Ordered is the default money status. If the judge is silent on the issue, then, based on case type or status, Ordered should be used.

Waived/Remitted: This money status is used when the judge waives or remits an individual monetary obligation in its entirety. It is used at a subsequent modification hearing if at the time of the hearing the original monetary obligation is unpaid in its entirety and the judge orders it remitted in its entirety.

Note: The Waived/Remitted money status should not be confused with waivers of appearance, which sometimes are referred to as "waived," "waiver," or "waivable offenses." A waiver of appearance is a defendant's election to plead guilty or admit responsibility in writing in lieu of appearing in court. It is available in limited circumstances as prescribed by the Conference of District Court Judges pursuant to G.S. 7A-148.

Stricken/Entered in Error: This money status is used when a monetary obligation was recorded in error. It should be used for monetary obligations that would not have accrued but for the error.

Partially Waived: This money status is used when a monetary obligation is reduced but not eliminated. A common example of Partially Waived is when a judge orders probation revoked, activates the suspended sentence, and waives what remains of each cost still owing. In this case, the partial waiver status is used for each line item where money still is owed.

Not Assessed: This money status is used when a fee that should not be assessed appears in the Bill of Costs. An example of the proper use of Not Assessed would be the determination by the presiding judge not to assess an additional \$250.00 for a subsequent assignment to community service because defendant was previously assigned to community during the same session of court. See G.S. 143B-708(c).

Civil Judgment: This money status is used when the judge orders the monetary obligations due through civil rather than criminal enforcement—i.e., the court has ordered that all money obligations due are due through civil enforcement mechanisms only. A civil judgment gives the state indirect means of collecting the obligation. (*Note:* If the court elects to simultaneously order monetary obligations due criminally and civilly, then the clerk should use the Ordered status rather than the Civil Judgment.)
